the Safeguard Life Preserver

**PERMANENT FOAM FLOTATION
MODEL 198RT (Adult)
US COAST GUARD APPROVAL NO.
160.055/153/0
MODEL 199RT (Child)
US COAST GUARD APPROVAL NO.
160.055/154/0**

This Safeguard Life Preserver is filled with a soft flexible permanent flotation foam. When worn properly it can save your life. Try not to panic and follow these simple steps.

1

Make certain Body Straps are on outside of Life Preserver. Put arms into openings and tie neck tapes.

2

Attach Body Strap with Snap and D-Ring assembly and pull tight.

3

Pull lower tie tapes tight and tie securely.

4

If necessary to jump overboard hold Life Preserver securely at upper front chest opening until in water.
