

# HOW TO WEAR

## the Safeguard Life Preserver

**PERMANENT FOAM FLOTATION  
MODEL 160RT (Adult)  
US COAST GUARD APPROVAL NO.  
160.055/196/0  
MODEL 161RT (Child)  
US COAST GUARD APPROVAL NO.  
160.055/197/0**

This Safeguard Life Preserver is filled with a soft flexible permanent flotation foam. When worn properly it can save your life. Above all, be sure to remain calm and follow these simple steps.

Body Strap with  
Snap & D-Rings

**1**

Spread front panels enough to allow head to slide comfortably into preserver.

**2**

Pull Body Strap around back and snap on D-Ring at front. Pull tight.

**3**

If necessary to jump overboard hold Life Preserver securely at upper front chest opening until in water.
